```
C                    Dm   Fmaj7                    C      Em7  Am7
    Well, take my hand . . . . . we'll walk along together
    Am7/G    Fmaj7  G  Fmaj7                          G         Gsus4  G
    Far as we can . . . . . . . . . . . . we'll make it so much better

    So nice to share, some of the things that matter
    So many don't care, their dreams are torn and scattered

      Fmaj7                                  Cmaj7
But you know, we're on that road that seems to last forever
   Fmaj7                             Cmaj7
Together or alone, it's the same old road
        Fmaj7                                Cmaj7
And even though it seems as though we can travel together
     Fmaj7   Cmaj7      Fmaj7 Cmaj7
It's a one lane way . . . until that day
              Dm7            G/D   G7           C          C7
When we can be for the same one . . . . . and everyone

              F                                C
But, it's been fun, I've loved the things we've done
                   F                           C
And the tears we've spared by the truth we've shared
                   F                           C        Em7  Am7
And the life we've learned, as we've lived it together
Am7/G    Fmaj7   G                            F       Am7  D7+9  C
Far as we could . . . . . while hand in hand we stood
